Entrance Information:

415 Curie Boulevard. Philadelphia. PA. 19104

1. The main entrance on Curie Blvd. is level with the sidewalk, which has curb cuts. The security guard and elevators are located directly inside the entrance.
2. The south entrance is MC key access only and level with the garden. From the Wood Center of the Children's Hospital of Philadelphia there are stairs. From the Curie Blvd./Osler Circle corner there is a level path around the building leading to the south entrance.
3. There is a level, accessible passage from the second floor of the Biomedical Research Building into the second floor of the Clinical Research Building.
4. There is a level, accessible passage from the second floor of Stemmler Hall to the second floor of the Clinical Research Building.

Note: The south fire exit is level with the sidewalk on the first floor.

Elevator Information:

- There is a bank of four elevators at the midsection of the building.
- There is a chairlift to access the teaching area of the first floor auditorium.

Accessible Restrooms:

- There are accessible restrooms on all floors, except the basement.

Building Information:

- This building is directly connected to the Medical Complex through Stemmler Hall by a bridge on the second floor. It is also directly connected to the Wood Center of the Children's Hospital of Philadelphia by the fifth floor bridge, which is MC key access only.
- A tiered auditorium with accessible seating is located directly inside the main entrance.
